

ADARSH S

+91-9061448229 | oyadarsh@gmail.com | linkedin.com/in/adarsh-s-031869355 | Kozhikode, Kerala, India

PROFESSIONAL SUMMARY

Motivated MCA graduate with strong foundations in programming, data structures, computer vision, machine learning, full-stack engineering and DevOps. Experienced in building reliable, secure and scalable applications through hands-on internships and academic projects.

TECHNICAL SKILLS

Programming & Web: Python, Java, C, JavaScript (ES6+), PHP, SQL, MATLAB, HTML5, CSS3, JSON.

AI / Computer Vision / ML: OpenCV, Dlib, PyTorch, TensorFlow, Keras, CNN, TrOCR, ResNet, Scikit-learn, OCR, NLP, NumPy, SciPy, Pandas, Matplotlib.

Frameworks: Django, Flask, Node.js, React.js, Laravel, Flutter, Android Development, REST APIs, ReportLab.

Databases / DevOps: MySQL, MongoDB, Docker, Kubernetes, Git, GitHub Actions, CI/CD, Linux, Postman.

Security / Emerging Tech: OWASP, Cybersecurity, Blockchain, Smart Contracts, IoT/IIoT, Privacy-by-Default.

PROFESSIONAL EXPERIENCE

Bluegen Solutions - Software Development Intern | Dec 2025 - Mar 2026 | Kozhikode, Kerala

- Built Django backend modules, REST APIs and secure authentication; designed normalized MySQL schemas and supported Agile debugging and reliability improvements.

The Skybrisk - React.js Development Intern | Feb 2026 - Mar 2026 | Remote

- Built ERP modules and reusable React components; integrated REST APIs, JWT route protection, Chart.js dashboards and client-side PDF export.

CODTECH IT Solutions - DevOps Intern | Feb 2026 - Mar 2026 | Remote

- Automated CI/CD with GitHub Actions; worked with Kubernetes manifests, replicas, services and OWASP ZAP DevSecOps checks.

ACADEMIC PROJECTS

AssentTag - Privacy-aware image sharing and biometric identity framework using Python, Django, OpenCV, Dlib, ResNet and MySQL.

Epigraphix-AI - Neural palm-leaf manuscript OCR and epigraphical intelligence suite using OpenCV, PyTorch, TensorFlow, TrOCR, CNN and NLP.

AegisForge-X - Multi-language source-security review platform with taint analysis, security mappings and SHA-256 Merkle evidence binding.

Deciphera - Semantic ledger and covenant auditor for Bitcoin off-chain transactions with human-readable audit narratives.

PUBLICATION

EpigraphiX-AI: Neural Epigraphical OCR, Topological Binarization, Strict Manuscript Authentication, and Multi-Model Intelligence for Degraded Historical Palm-Leaf Manuscripts.

IJRASET, Vol. 14, Issue VIII, August 2026 | DOI: 10.22214/ijraset.2026.84707

EDUCATION

Master of Computer Applications - Government Engineering College, Thrissur | 2024-2026 | CGPA: 7.5/10

B.Sc. Computer Science - College of Applied Science IHRD, Thamarassery | 2019-2022 | CGPA: 6.61/10

Higher Secondary - Government Higher Secondary School, Thamarassery | 79.9%

High School - MGM Higher Secondary School, Engapuzha | 98.8%

SELECTED CERTIFICATIONS

AWS CloudOps Engineer - Associate; TCS iON Career Edge - IT Primer; Cisco Introduction to Modern AI;

Deloitte Technology Job Simulation; NPTEL Programming in Java; IBM Data Analysis Using Python;

Simplilearn Deep Learning with Keras; HackerRank SQL Basics.
